# GLAMPING GEODESIC DOME

GLAMPING | DWELLING DOME | NEXT ECO-LUXURY DOME HOUSE

### WELCOME

THANK YOU FOR YOUR INTEREST IN SHELTER DOME'S OFFER OF GLAMPING GEODOME TENTS.

Shelter Dome has been operating since 2017 and specializes in sphercial structures of steel material. Our team of experts continually expand their experience and expertise in line with the latest technologies and materials. We manufacture tents since 2003.

We are a China based company and provide delivery and assembly services worldwide. Since 2014, we are also registered in US, where we have a constantly expanding warehouse of structures available for sale. Also, we own experienced distributor center in Japan, Australia, Italy, Panama and Chile.

We strive for quality and lasting results and can proudly boast that our products are recognized and successfully used worldwide by a wide range of prestigious clients. We have implemented hundreds of events and permanent projects in over 30 countries. Our all-weather, built-to-last tents can be found in places as varied as Japan, United States, New Zealand, United Kingdom, Iceland and Australia.

We specialize in construction, design and delivery of the highest quality dome tent products. We pay attention to detail and adapt to the size and need of each individual order. We are committed to excellence, service and customer satisfaction - as evidenced by our many satisfied clients.

We are also experienced at implementing comprehensive projects including the planning, designing, production and delivery of objects such as hotel complexes, glamping resorts and retreats.

INTERNATIONAL GLAMPSITES

### GLAMPING DOME

Camping in luxurious style! Glamping is a growing form of spending time in nature, not in ordinary tents, but in extremely comfortable conditions. Shelter Dome creates glamping objects modeled on the shape of a geodesic dome. Our projects not only have unique aesthetic value, but also help reduce heating costs. In addition, they are environmentally friendly, quick to build and cheap to maintain!

#### SIMPLICITY OF REALIZATION AND SELF-CONTAINED

Lower cost of running the glamping site complex.

#### TIMES OPTIMIZATION

Reduction of on-stie labors, cost effective.

#### ELIMINATION IN THE GLAMPING IN DUSTRY

In-depth understanding of the industry end-users, listening to the real needs of the market, comprehensive and proactive coordination of the supply chainprofessional design, and construction with complete qualifications.

## MODULAR BATHROOM POD

## MODULAR BATHROOM POD

# MODULAR COMPONENTS

#### Bathroom Module

A cleverly designed space with a shower, a washbasin and a toilet. Comfort has been addressed with a big mirror and smartly arranged cupboards, one of them additionally hiding a flow heater inside.

#### Mezzanine Module

A small ladder leads up to additional functional space. It can serve as a second bedroom or a leisure room. Decide on a skylight window and flood the space with natural light during the day, and enjoy a private planetarium at night.

#### Bedroom Module

A show-stopping design, offering plenty of cupboard space for extra storage. A cozy and inviting bed facing the panoramic bay window makes the bedroom look and feel like a 5-star hotel.

#### ------Kitchen Module

Sleek and modern design, equipped with a sink, an electric heating plate and a small refrigerator. Chic cabinets make room for appliances making this galley kitchen blend into a living space.
